27/11/2018	Pottinger Street Resident	Use of Pottinger Street Bridge to access project – resident believed the bridge would be used sparingly. Furthermore, machinery movement along bridge left debris on road.	RCC investigated the concern on 27/11/2018, and cleaned debris off road as soon as the complaint was received. Furthermore, a non-conformance was issued to the relevant contractor. A site toolbox / meeting was held with RCC and relevant contractor to ensure this does not occur again and the correct procedure is used moving forward. RCC can confirm the Pottinger Street bridge will be used sparingly to delivery machinery to Level 1. All future deliveries will occur on the bridge and not on Pottinger Street.
